Response to Arguments

Applicant's arguments with respect to newly filed claims 10 - 29 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 10 is rejected under 35 U.S.C. 102(b) as being anticipated by Sakuma et al. (US 6 292 305).

Regarding claim 10, Sakuma et al. teaches a movable personal computer system for use in a motor vehicle comprising a PC holder 28 to be arranged inside the vehicle and a virtual image displaying device including a mirror member 29 for reflecting an image that is on a display screen of the computer (see figs. 9, 3B, 4 – 8; col. 11, line 60 – col. 12, line 44 at least).

Allowable Subject Matter

Claims 11 – 29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 3661

The prior art of record fail to teach, in combination with other limitations, a movable personal computer system having a virtual image displaying device that includes a mirror member moving mechanism for moving a mirror member over a display screen of a personal computer such that, upon moving the member by the mechanism, the reflective surface can reflect an image that is on another portion of the display screen of the personal computer according to a shift demand signal inputted by a user.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
